EnOcean Alliance

Weltweit führende Unternehmen aus der Gebäudebranche haben sich zur EnOcean Alliance zusammengeschlossen, um innovative Automatisierungslösungen für nachhaltige Gebäudeprojekte zu etablieren und so Gebäude energieeffizienter, flexibler und kostengünstiger zu machen. Die Kerntechnologie der Alliance ist die batterielose Funktechnologie für flexibel positionierbare, wartungsfreie Sensorlösungen.

The EnOcean Alliance is a consortium of companies dedicated to the advancement of self-powered interoperable wireless building control systems. Alliance innovations create interoperable standard solutions helping to make buildings more energy-efficient, flexible and cost-effective. The EnOcean Alliance has the largest installed base of field-proven wireless building automation networks in the world.

10
2008 – 2018

Der batterielose Funkstandard
für nachhaltige Gebäude.

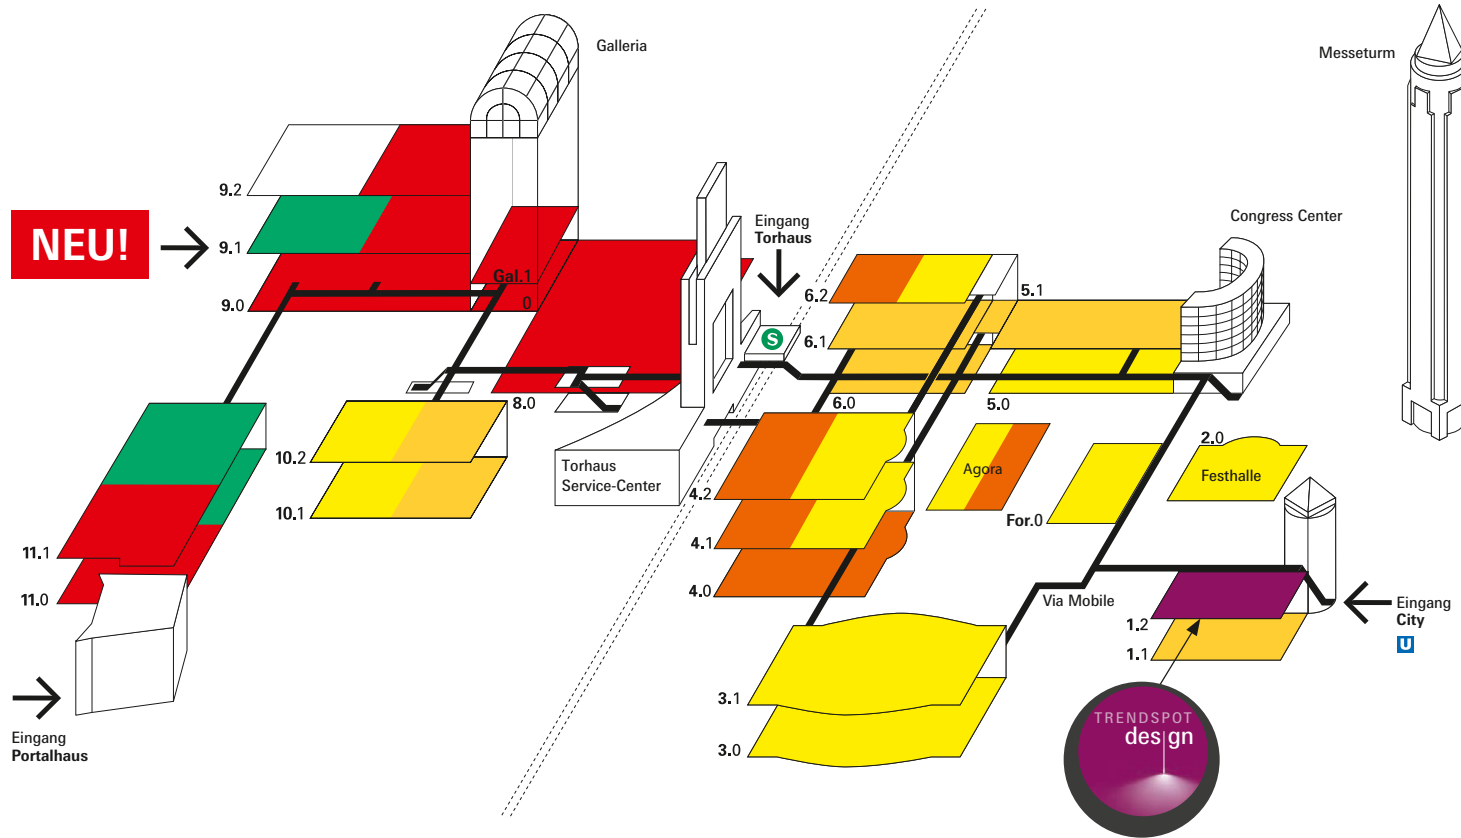

The Self-powered Wireless Standard
for Smart Buildings

Auf der Light+Building 2018 setzen schon 60 Aussteller auf den EnOcean-Standard.

60 exhibitors at Light+Building 2018 are already using the EnOcean Standard.
